RE: Notification of rescission of the new shipper review of the antidumping duty order on solar cells from the PRC (A-570-979).

1. Commerce has rescinded the new shipper review of the antidumping duty order on solar cells from the People's Republic of China (PRC) (A-570-979) covering the period 12/1/2014 through 11/30/2015 for the firm listed below. You are to assess antidumping duties on merchandise entered, or withdrawn from warehouse, for consumption during the period 12/1/2014 through 11/30/2015 at the cash deposit or bonding rate required at the time of entry.

Liquidate all entries for the following firm:

Anji DaSol Solar Energy Science & Technology Co., Ltd.

No case number was in place for this company during the period of review

2. As a result of Commerce's rescission of this new shipper review, the option of a bond in lieu of a cash deposit is no longer permitted. For shipments of subject merchandise produced and exported by Anji DaSol Solar Energy Science & Technology Co., Ltd., which were entered, or withdrawn from warehouse, for consumption on or after 04/05/16, cash deposits only should be collected at the PRC-wide rate in effect on the date of entry. The PRC-wide rate currently in effect is 238.95 percent. Additionally, as a result of Commerce's rescission of this new shipper review, shipments of subject merchandise produced and exported by Anji DaSol Solar Energy Science & Technology Co., Ltd., may no longer enter under case number A-570-979-099, effective the date of publication of the rescission in the Federal Register, 04/05/16, and thus Commerce has deactivated this case number in ACE. Such merchandise should now be entered under case number A-570-979-000 until such time as the exporter receives its own rate.

3. Notice of the lifting of suspension of liquidation of entries of subject merchandise covered by paragraph 1 occurred with publication of the notice of rescission of the antidumping duty new shipper review (81 FR 19552, 04/05/2016). Unless instructed otherwise, for all other shipments of solar cells from the People's Republic of China, you shall continue to collect cash deposits of estimated antidumping duties for the merchandise at the current rates.

4. There are no injunctions applicable to the entries covered by this instruction.
5. The assessment of antidumping duties by CBP on shipments or entries of this merchandise is subject to the provisions of section 778 of the Tariff Act of 1930, as amended. Section 778 requires that CBP pay interest on overpayments or assess interest on underpayments of the required amounts deposited as estimated antidumping duties. The interest provisions are not applicable to cash or bonds posted as estimated antidumping duties before the date of publication of the antidumping duty order. Interest shall be calculated from the date payment of estimated antidumping duties is required through the date of liquidation. The rate at which such interest is payable is the rate in effect under section 6621 of the Internal Revenue Code of 1954 for such period.
6. Upon assessment of antidumping duties, CBP shall require that the importer provide a reimbursement statement, as described in section 351.402(f)(2) of Commerce's regulations. The importer should provide the reimbursement statement prior to liquidation of the entry. If the importer certifies that it has an agreement with the producer, seller, or exporter, to be reimbursed antidumping and/or countervailing duties, CBP shall double the antidumping duty and/or increase the antidumping duty by the amount of the countervailing duties in accordance with the above-referenced regulation. Additionally, if the importer does not provide the reimbursement statement prior to liquidation, reimbursement shall be presumed and CBP shall double the antidumping duties due. If an importer timely files a protest challenging the presumption of reimbursement and doubling of duties, consistent with CBP's protest process, CBP may accept the reimbursement statement filed with the protest to rebut the presumption of reimbursement.
